REF : St/I/R Memo, 12 Feb 57 to [REDACTED]

25X1A9a

The despatch provides timely, well written, and carefully analyzed data on critical financial problems in Hungary. The report provides partial confirmation of previously unevaluated information on forint instability. His comments were penetrating; his choice of subjects appears to be in direct conformity with requirements; and his speed in transmitting the data is commendable. Please provide all available encouragement for continuation of reporting on the valuation of Satellite currencies.
